	31	Olympiad	
June	1	End of 4 <sup>th</sup> Quarter Last Day of School	

Calendar is subject to change

## STUDENTS ENTERING 4<sup>TH</sup> GRADE:

### 4<sup>TH</sup> GRADE MATH – SUMMER REQUIREMENTS

Dear Parents,

In order to maintain math skills during the summer months, your student is required to complete the following assignments.

#### First Assignment:

- 1 Visit [www.sadlier-oxford.com](http://www.sadlier-oxford.com)
- 2 Go to the drop down for Mathematics and select Progress in Mathematics, K-6
- 3 On the right hand side of the page, select “Sadlier Connect Resources Student & Family”
- 4 Click on “Grade 4”
- 5 Click on “Skills Update” (This will review the skills from 3rd grade to prepare for 4<sup>th</sup> grade.)
- 6 Print and complete all 27 practices
- 7 If your child is having difficulty with a practice, click on the lesson review for an explanation of the skill.

All 27 practice reviews will be collected as a grade on the first day of the next school year. It is suggested that your child do 2 or 3 lessons each week so they do not struggle with completing the assignments at the end of the summer.

#### Second Requirement:

- 1 All students must have multiplication tables memorized. (from 0 – 12)
2. Students will be tested on all multiplication facts the first week of school.
3. They must be able to complete 25 random problems in 2 minutes or 100 random problems in 6-8 minutes.
4. Students who cannot complete the test with accuracy (90% or better) will be required to practice their facts during a resource class (P.E. Art, or Music) for the first quarter.

Thank you for supporting us in our mission to educate your child.

iPad Apps.: *Door 24* and *Mad Math*

## Summer Reading Requirements for 4<sup>th</sup> Grade

4<sup>th</sup> Grade:

Each student must read 1 book of their choice over the summer. The book must have a reading level no less than 3.5 and no greater than 6.0 and be worth at least 2 points. In order to confirm that the book is an AR book and the reading level is appropriate, students can log onto [www.arbookfind.com](http://www.arbookfind.com). Students must complete and submit an **RCW** report on their book, and it is due the first week of class.

**RCW: R/Read, C/Close, W/Write**

**Read** the chapter, **close** the book, and **write** a paragraph on what the chapter was about. The paragraph should highlight the 5 W's of the chapter; who, what, when, where, and why. This is a great exercise to reinforce reading comprehension and keep writing skills sharp.

During the first week of school students will take an AR test on their summer reading, this will count as the first reading grade. Please note it does not count toward the first quarter AR requirement. Students can go to [www.bookadventure.com](http://www.bookadventure.com) to take practice AR tests.

Remember that reading is a skill that gets better with practice...have fun!
